About Placer Food Bank

The Placer Food Bank is a vital link between food and the people who need it.

As a member of the Feeding America food bank network, Placer Food Bank is a food clearing house. We receive, inspect, sort, weigh, package and deliver food to a network of 46 charitable agencies throughout Placer, El Dorado and Nevada Counties.

These agencies provide emergency and supplemental food to low-income households, single parents with children, working families, senior citizens and the homeless.
